Applied dynamical systems, mathematical biology, polymerization, mathematical modeling

ACADEMIC APPOINTMENTS **University of New Mexico**, Department of Mathematics & Statistics Assistant Professor of Mathematics

Albuquerque, NM January 2025 – present

Duke University, Department of Mathematics

Adjunct Assistant Professor

January 2025 – present

Phillip Griffiths Assistant Research Professor (postdoctoral)

August 2024 – December 2024

William W. Elliott Assistant Research Professor (postdoctoral)

August 2021 – July 2024

EDUCATION

University of Utah, Salt Lake City, UT

May 2021

Durham, NC

Ph.D., Mathematics

Thesis: Kinetic Polymerization Models and the Roles of Fibrinogen in Fibrin Gel Formation

Advisor: Aaron Fogelson

MENTORSHIP

Graduate Research

Hannah Scanlon, Duke University

Spring 2022 – present

Undergraduate Research

Carson Dudley (undergraduate thesis), Duke University

Maycol Vilchez, University of Utah (with Aaron Fogelson)

Spring 2022 – Spring 2023

Spring 2020

Undergraduate Directed Reading Program, University of Utah

Spring 2019

Chase Stolworthy, use machine learning for predictions on voting data in Utah

AWM Undergraduate Mentor

2019 - 2024

Paired with undergraduate students to meet monthly to discuss semester, future plans, and build community at University of Utah and Duke University.

SPIRE Fellows Postdoctoral Assistant and Faculty Mentor

2021 - 2023

Assisted in organizing monthly events. and running academic support/mentoring system for high achieving undergraduates from historically excluded backgrounds. Taught course titled "Being Human in STEM at Duke", which is a discussion-based course on identity and humanity in STEM.

Project NExT Fellowship

2021 - 2023

Professional development program for early career mathematicians directed towards improving the teaching and learning of mathematics, fostering inclusivity in the mathematics community, and providing early career faculty strategies to engage in research, scholarship, and service opportunities.

Mathematics Instructor Training Facilitator, University of Utah

2017, 2018, 2019

Facilitated annual workshop for new teaching assistants in the mathematics department. Responsibilities include organizing/planning workshops, observing new teachers, and giving lectures on teaching pedagogy.

Co-chair, AWM Speaker series committee, Mathematics, University of Utah

2020 – 2021

Invite and host mathematicians from underrepresented groups to give talks and network with department.

Vice President, AWM Student Chapter, University of Utah

2019 - 2020

Organize monthly student events for undergraduates and graduate students, organize outreach events on and off campus, and meet with job candidates.

COMMUNITY OUTREACH Co-organizer, Duke Math Circles, Durham NC

August 2023 – January 2025

Manage volunteers and activities for Duke Math Circles program

Volunteer, Duke Math Circles, Durham NC

August 2022 – April 2024

Provide exploratory instruction for K-6 students at Central Park School for Children

Presenter, Girls Exploring Math, Duke University

June 2023

"Math: We R_0 afraid to use it!"

Volunteer, Defining Your Path – Field Trip Program, University of Utah

Judge, State of Utah Sterling Scholar Award, Mathematics, Salt Lake City UT

Panelist, Clayton Middle School – Career Fair, Salt Lake City UT

January 2020

January 2020

Presenter, Science Day at the U., University of Utah

November 2019

"Computing in Nature: Using DNA to solve math problems"

Presenter, Girls Full STEAM Ahead Camp, Leonardo Museum, Salt Lake City UT July 2016

"Math: We R_0 afraid to use it!"

WORK EXPERIENCE

Bioinformatics Summer Intern

May 2019 - August 2019

Sera Prognostics, Salt Lake City, UT

Developed R scripts to remove batch and technical effects in proteomic data to aid in preterm birth prediction.
